OBJECTIVES

To secure a Web Development position that allows me to utilize my skills in Laravel, PHP, MySQL, HTML, CSS, JavaScript, and UI/UX-focused design. With a foundation in IT troubleshooting and system maintenance, I aim to contribute to building scalable digital solutions while continuously expanding my knowledge in modern web technologies.

WORK EXPERIENCE

Pampanga State Agricultural University | PAC, San Agustin, Magalang, Pampanga

Technical Staff (Web Developer) | June 2025 – May 2026(COS)

- Developed and maintained internal web applications with a focus on usability, performance, and scalability.
- Designed and built a centralized data platform for the Knowledge Management Unit to improve content access.
- Created scalable Laravel backends and responsive front-end interfaces optimized for speed and mobile use.
- Coordinated with stakeholders to gather requirements and deliver workflow-aligned UI/UX solutions.
- Ensured system security, resolved bugs, migrated static pages to dynamic views, and used AI tools to enhance UI/UX such as Lovable ai, Codex, Cursor, Chat GPT, Claude code, Copilot, and more.

Superl Philippines Inc. |Angeles Industrial Park, Bacolor, Pampanga

IT Hardware Support | January 2025 – June 2025)

- Provided remote and on-site IT hardware support across factory locations to ensure smooth operations.
- Maintained and troubleshoot network infrastructure, optimizing connectivity for industrial machines.
- Performed diagnostics and repairs on computers, printers, analog phones, network switches, and machine programs.
- Applied knowledge of basic CCTV setup, installation, and troubleshooting to support security system maintenance.
- Developed a web-based inventory system using Laravel to streamline IT asset tracking and department operations.

Hausland Group | Pulung Maragul, Angeles City, Pampanga

IT Technical Support (Internship/On-the-Job Trainee)

February 2024 – May 2024 (486hrs)

- Provided technical support by troubleshooting and maintaining computers and printers to enhance functionality.
- Remotely troubleshooted errors and resolved issues on employees' computers.
- Installed, configured, and upgraded operating systems and software on multiple computers.
- Responsible for the deployment and setup of new computer.

McDonald's Magalang | San Nicolas I, Magalang, Pampanga

Service Crew | August 2021 - January 2025

- Prepared and assembled food orders following McDonald's standards.
- Ensured quality, accuracy, and timely service, especially during peak hours.
- Maintained cleanliness and adhered to food safety protocols.
- Worked collaboratively to support smooth operations and a positive team environment.
